

COUNCIL HAS BUSY SESSION

The Fire Works Ordinance is Passed and the New One Comes up.

The Officers and Committees Make Their Reports and Bills are Allowed.

The city council convened in regular session last night with all members present except Mr. Meredith, who was unable to leave his home on account of rheumatism. Mayor Hall presided.

The minutes of the last regular meeting and the special meeting were read and approved on motion of Mr. Brann.

The petition of the I. & C. for a 4-inch tap in the water main on the North end of Julian street, opposite the middle of the car barns was granted and referred to the water and light committee.

The city marshal reported the collection of \$5 street and show license, during the month of February. His report was received and placed on file on motion of Mr. Caldwell.

The city treasurer's report, showing a total balance on hands March 1st, of \$2837.67, was referred to the finance committee.

Fire Chief Robertson reported that two new nozzles were needed for the fire department and recommended that the Anderson nozzle be purchased. The matter was referred to the fire committee with power to act.

Street Commissioner Barrett reported the sale of some stone. His report was received and placed on file.

Superintendent Ong's report for February, showing an excess of expenditures over the receipts of \$317.28 was referred to the finance committee.

An ordinance prohibiting the use of fire arms or fireworks of any description within the city limits at any time and imposing a fine of \$5 for each and every offense, and to go into effect from and after its passage, came for third reading and was passed by a unanimous vote. The necessary publication of the ordinance was ordered.

An ordinance protecting the public health, etc., of which mention was made in yesterday's Republican, came up for the first reading and was allowed to take its regular course on motion of Mr. Smith. Dr. W. C. Smith, city health officer, who drew up the ordinance was present and he was called upon for an explanation of the ordinance. He stated that the same ordinance was in effect in other cities. It had been recommended by the State Board of Health and inasmuch as the city really had no effectual health ordinance, he recommended the ordinance and assured council that it would be the means of giving Rushville a clean city. He also recommended that the city employ a garbage wagon for the next two months at least. City Attorney Megee suggested that there might be something in the ordinance which would conflict with the new codification commission law and it was thereupon decided to investigate the new law before the next regular meeting.

City Treasurer Spivey suggested through Councilman Purcell, that \$1000 be transferred from the general fund to the water and light fund as the latter was running short. This was agreed to.

C. B. Lore reported the new well finished as far as installing the screen and asked for a partial payment on the same. Council allowed the usual claims and bills.

City Attorney Megee suggested that a switch be built from the the P. C. C. & St. L. tracks to the water and light plant. A representative of the railroad who was present said his road would build one if the revenue was sufficient to justify the expense. He estimated the probable cost at \$500 and estimated the revenue from the coal cars at \$4 per car, or \$300 per year. It is very probable that the switch will be built, but nothing could be done about the matter last night.

THE POPULAR GIRL

She Laughs, Laughs Aloud, at the Right Time and Heartily.

The girl that is popular is the girl who laughs. Not the girl that simperes and puckers and giggles, but the girl that laughs and means it; the girl that can laugh candy and flowers and theaters every day in the week. Men flock about her—they adore her. She laughs herself straight into the hearts of beaux and admirers and straight into the good times that a girl can dream of. She laughs, but she is careful when she laughs. She laughs with her beaux, but never at them. She laughs at what they say, when they say it, but never afterwards. She laughs at their jokes, but never about them. She never laughs at any one's blunders or misfortunes.

EASTERN STAR RECEPTION

Rushville and Morristown Lodges Join in Honoring Mrs. Ransford.

One of the most delightful events of the season among the fraternal orders of this city was the reception and greeting which was last night extended to Mrs. Nettie Ransford, of Indianapolis, Grand Secretary of the Order of the Eastern Star, by Martha Poe Chapter of this city and Morristown Chapter of Morristown.

Regardless of the stormy night over seventy persons were present, twenty-two of whom were from Morristown. After a most delightful social hour a splendid collation was served, consisting of the delicacies of the season, which was enjoyed by all.

After the supper, Mrs. Ransford gave a most interesting and instructive talk on the Order of the Eastern Star, its aims, objects and the grand work which it was accomplishing. Mrs. Ransford is a very pleasant speaker and thoroughly interested in her work as was evident by her earnestness. The members of the Chapter who heard her have received renewed inspiration to press on in their good work. Alphonso Burns, Chaplain of Morristown Chapter, responded to Mrs. Ransford's remarks in a most pleasing manner.

At a late hour those present departed to their homes, feeling that a most pleasant and enjoyable evening had been passed.

INAUGURAL HAT

A few days ago the Republican stated that the hat worn by Mrs. Theodore Roosevelt on inauguration day was an Indiana creation.

A contest was inaugurated some time ago by the Illustrated Milliner, a New York City publication. The contest was to decide the most suitable hat to be worn by Mrs. Roosevelt on inauguration day. The Laporte, Indiana, milliner was the successful contestant and her model was accepted, and the following is a description of the hat:

The hat is a turban frame of a late spring style. The facing is of finely tucked cream mouline. The coronet is fashioned of medallions of finest horse hair braid, embroidered with Tuscan, centered with tiny pink rosebuds inlaid with mouline. The coronet is bound with moss green velvet. Between the coronet and crown there is finely tucked mouline. The outline of the crown is bound with moss green velvet. The top crown is bound with fine Tuscan braid. From the left back of the hat there is a fall of handmade lace clasped with an ornament, the whole combining to give the effect at once intensely pleasing and artistic.

The inaugural gown Mrs. Roosevelt wore cost \$1200.

ARE MAKING A CLEANING

Bleak and Lonesome Seems the Statehouse, Legislators Gone.

Governor Hanly is Not the Least of Those Who are Glad it is All Over.

Indianapolis, Ind., March 8.—At the state house and in the hotels there is no mistaking the fact that the sixty-fourth general assembly is over. The general atmosphere of the places seems changed. Scenes of a most continuous activity at the capitol have given away to a quiet and calm that are both desolate and oppressive. State officials, and employees at the capitol complain that they are lonesome. Legislative chambers and corridors, for the past two months the rendezvous for good natured throngs of legislators, politicians, lobbyists and the rest, are almost deserted save for the few clerks who remained behind to complete the records of the last days of the session.

Hotel English, which has housed nearly half of the legislators, yesterday presented bustle and hustle all day long. Extra porters were pressed into service and baggage wagons were piled high with trunks and valises. The legislators were going from the legislative limelight back to their homes and their constituents to receive praise or blame as may be merited by their official acts. In the lobby of the hotel last good-byes were said, hopes were expressed for future meetings in the legislative halls, and a few confided to friends their larger political ambitions.

The legislative chambers reminded one of the circus grounds the next morning after the big show had left. Even the peanut bulls were there to make the analogy more real. Waste paper, pamphlets, books and cigar stubs formed a covering, apparently inches deep, for the floors and desks. Pages' stools and a few of the easy chairs, in which rested the legislators, were overturned. Everything was in disorder and confusion. Colonel Huffman's small army of janitors did not invade the chambers for a general "clean-up" until today.

In the senate chamber yesterday Lieutenant Governor Hugh T. Miller and Secretary Julian Hogate were at their desks most of the day straightening out odds and ends; in the house Principal Clerk Hurst and Assistant Principal Clerk Hellman were already preparing for the compilation of the house journal. They worked hard all day.

Governor Hanly and his private secretary Union B. Hunt, expressed satisfaction that "it is all over." Having worked about eighteen hours the day before both were pretty well worn out. They will take things easy for a few days, they said.

LENTEN SEASON IS NOW AT HAND

Today is Ash Wednesday—It Will be Followed by Forty Days Fasting and Prayer.

Today, March 8th, is Ash Wednesday, and the season of lent observed by nearly all Christian churches and with extraordinary celebration by Episcopalians and Catholics. It will continue for forty days or until Easter Sunday, which this year falls upon April 23d. The season generally opens in February, but this year it is unusually late and spring ought to be pretty well advanced before Easter Day.

The Lenten observation is commemorative of the fast of our Savior, and during the forty days, all entertainments, public or private, are prohibited by some of the churches. At the Catholic church this morning special services were held by Rev. Father Hoffman, of Connersville.

COLORED PEOPLE PLEASED

Over the Distinction Accorded One of Their Race by Massachusetts G. A. R.

The thoughtful colored people residing in Rushville are taking much satisfaction in the announcement that comes from Boston to the effect that a colored man, James H. Wolff, has been elected department commander of the Massachusetts State G. A. R. This is the first time in the existence of the great organization of civil war survivors that a colored man has been elected to such a high office. It is claimed for Mr. Wolff that he is eminently fitted for the position. He has served as both junior and senior vice department commander and has been judge advocate of the department. He is a graduate of the Dartmouth college and of the Boston several years.

WILL DRILL THREE WELLS

Council Appoints a Committee to Let Contract For More Water.

The matter of drilling more water wells to increase the city's water supply came up for discussion last night at the meeting of the city council. After discussing the subject in the ante-room, council agreed to the drilling of three more wells and the matter of ascertaining the cost, choosing the locations and letting the contract was left in the hands of the water and light committee.

TREAS' OFFICE IS NOT ABOLISHED

By the New Law in Towns of the Fifth Class Which Includes Rushville.

A brief glance at a copy of the new law, just before going to press, shows that in cities of the fifth class, treasurers will be elected as heretofore. Marshals are to be appointed by the Mayor and salaries of city officials are not regulated by law but are fixed by the common council.

The cities and towns bill becomes a full fledged law, Monday, when the governor appended his signature thereto. This and all other new laws not having emergency clauses will go into force about May 1, according to an announcement by Governor Hanly.

THEIR SIDE OF THE QUESTION

Kansas Oil Producers Not Satisfied With Garfield's Plan.

Chanute, Kan., March 8.—The oil producers are not satisfied with the statement made by Commissioner Garfield of the bureau of corporations as to the method to be pursued in the investigation into the Standard Oil company. The producers' association has written Congressman Campbell and asked him to convey to the president a request that the investigation take the form of a court of inquiry, that the hearings be advertised in the papers and that both sides appear and tell the story. The producers in their letter state that this is the only way in which an impartial investigation can be made.

RUSSIANS RETREATING

Gen. Kuropatkin Withdraws His Army Toward Tie Pass.

Even St. Petersburg Now Admits That Another is Added to List of Russian Defeats.

For ten days the Japanese and Russian armies in Manchuria have been engaged in mighty conflict, the issue of which has not yet been reached. Although the most of the news from the scenes of the battle comes through Russian sources and consequently may be supposed to present the facts in as favorable a light as possible for the Russian arms it is evident that the Japanese made some gains yesterday. St. Petersburg has an un-official report that General Kuropatkin's center has been broken and that thirteen siege guns have fallen into the hands of the Japanese. These guns which are of six and eight inch calibre, were given permanent emplacements on the line of the railroad north of Shakhe station, the fact evidencing the confidence of the Russians that the Japanese could not penetrate thither.

In St. Petersburg it is generally believed that General Kuropatkin was yesterday fighting a rear-guard action to cover his retreat and that the night witnessed a large withdrawal of troops toward Tie Pass. All of the commander-in-chief's ability, it is considered, will be required to extricate his army from its present predicament. The issue, it is expected, will be decided today, and a great deal unquestionably depends upon the comparative ability of the opposing armies to resist the effects of hunger and fatigue, the limit of human endurance having evidently been reached on both sides. Beyond the statement that the casualties exceeded those of the battle of Liao Yang there is little known as to the number killed or wounded.

PRICES ARE LOW AT LACKEY SALE

Opening Day of Annual Event Somewhat Slow, but the Outlook is Good.

As a rule prices averaged low yesterday in the Lackey sale at Cambridge City and a number of race horses went at bargain prices. Late in the afternoon a combination to keep the prices down seemed to have its effect and the bidding became so slow that M. Lackey called the day's sale to a close.

The highest price of the day was in the sale of Bud Posey, a bay gelding owned by Mr. Lackey. This horse has a pacing record of 2:14, but has gone as fast as 2:05. He was bought by Edward Gillis, of Boston, Mass. It was reported that J. M. Amos, of this city, had purchased the stallion, but the report was found to be untrue. Curt Gosnell put the horse through his paces.

Another good prospect was John F., from the stock farm of William Dagler, of this city, which sold for \$1200 to Wes. Stout, of Indianapolis. This gelding has a record of 2:23 1/2 and has gone trials in 2:16. He is from the grand sire George W. Lederer and classed as one of the coming stars.

The attendance yesterday was small owing to the rainy weather, but it is certain to increase during the week. The horses sold yesterday, with the exception of the two mentioned, averaged about \$150. Col. George W. Bain, the Kentucky auctioneer is crying the sale. Practically all the horsemen from this city are in attendance.

HISTORY OF WHIST

A Fascinating Game Which is Very Popular in Rushville.

While Rushville has many enthusiastic whist players, and a few who may be called expert players, yet perhaps very few of them know the origin of the fascinating game.

Whist was first called triumph, a name which was afterward corrupted into trump. The eighteenth century saw whist in its primitive form, the whole object of the game being to win tricks by leading high cards or by triumph. Then came the era of Hoyle, which may be said to have lasted from 1730 to 1860 and taught players to think not only of their own hands, but of other hands also, and to take advantage of the position of the cards in them. Hoyle also thought that trumps might be more profitably employed than in single trumping and showed that they might be used to disarm the adversary and to obtain secondary advantage in trick making by other suits of less apparent power. It was not until 1860 that the philosophic era can be said to have begun and the reign of the new movement was a knot of men at Cambridge, England, known as the little whist games, but no one thought of making a data until 1861. Coherence in the system of play was still wanting, and this was supplied in 1864 with Dr. Pole's essay on the theory of the modern scientific whist.

TO GET NO BACK PAY THIS YEAR

Rushville's Spanish War Soldiers Will Have to Wait Another Year.

The claim of \$50,000 back pay for Col. Durbin's regiment, in which the Rushville company was included, and the two colored companies that Indiana sent to the Spanish-American war is dead. The Senate appropriation committee declined to incorporate in the general deficiency bill an amendment introduced by Senator Beveridge covering the claim, on the ground that it was a new legislation and there were more claims of prior standing before the committee than it had time to consider. Albert W. Wishard, who has been pushing it, says it will be in fine shape for action next session.

BY THE WAYSIDE

Over the Phone—No. — please. What number? I said —, didn't I? No response for a time. Ring a ding ring! Hello, give me —, please. Did you say —. I guess you heard what I said and if I don't get it I'll know the reason why. Did you say you wanted — Hello, Central! Did you get your party? "Was there a party," chimed in an editor who was about to call central. Say, Central, can I get — or not. Hello, hello! Here's your party, now you can have —. Poor telephone girl has her troubles. Everybody blames her, but of nearly all the charges she is perfectly innocent.

THE WEATHER

Generally Fair North Portion Shows South To-night and Probably Thursday Moderate Temperature.

THE DAILY REPUBLICAN

Published Daily Except Sunday by
THE REPUBLICAN COMPANY,
 J. Feudner, Proprietor
 Office Southwest Corner Second and J Morgan
 Streets,
 RUSHVILLE, INDIANA.

Entered as second-class matter March 22,
 1904, at the postoffice at Rushville Ind., under
 the act of Congress of March 3, 1879.

RUSHVILLE, IND. MAR. 8, 1905.

President Roosevelt started on his
 present term of office with a majority
 of 24 in the Senate and 114 in the
 House. Not since the Republican
 party was founded did any President
 along to this time ever start out in
 office with such a majority in the
 House of Representatives as Mr. Roose-
 velt will have in the body whose official
 life began Saturday.

The rescript addressed by the Czar
 of Russia to the minister of the inter-
 ior does not offer a large gift of free-
 dom, nor is it a spontaneous expres-
 sion of his good will. It is extorted
 from the imperious necessities of the
 internal situation, which has brought
 something like civil war in sight.
 Yet the concession is of value as an
 indication that the bureaucrats at St.
 Petersburg feel they must do some
 thing to placate the populace. It will
 be a good starting point from which
 to work for real reform.

Senators Beveridge and Hemenway
 have divided up the Federal patronage
 in this State. Beveridge takes the 6th
 revenue and Hemenway the 7th revenue
 and 3d congressional. The eleven
 Republican congressmen will of
 course look after their own districts.
 Elam H. Neal has been offered the 6th
 district commission to succeed Am-
 brose E. Nowlin, of Lawrenceburg,
 Joseph B. Kealing, U. S. District At-
 torney, Henry C. Hetit, U. S. Marshal
 and A. O. Marsh as pension agent,
 all of Indianapolis will continue in
 office.

PLEASING TESTIMONIAL

Even the Minority Applauded the
 Lieutenant Governor.

Indianapolis, March 8.—Lieutenant
 Governor Miller was exceedingly gratified
 Monday afternoon when the senate
 passed congratulatory resolutions
 commending the great degree of skill
 and justice the president of the senate
 had exercised as a presiding officer
 of the present session of the upper
 house.

These resolutions did not come from
 the members of the president's own
 party in the senate, but were most
 heartily concurred in by the minority
 members. In speaking of the dealings
 of Mr. Miller Senator Roche voiced
 the sentiments of the Democratic
 members when he said that he had
 never known a president of the Indi-
 ana general assembly to show the un-
 swerving degree of fairness and con-
 sideration that had marked President
 Miller's regime.

Under the provisions of house
 joint resolution No. 2, the voters of the
 state will be called upon at the general
 election in 1908 to pass on a consti-
 tutional amendment providing that the
 general assembly shall prescribe what
 qualifications shall be necessary for
 admission to practice law in the courts
 of the state, in case the resolution
 passes the general assembly of 1907. This
 joint resolution provides that the fol-
 lowing amendment to the constitution
 be referred to the electors of the state
 of Indiana at the next general elec-
 tion: "The general assembly shall, by
 law, prescribe what qualifications shall
 be necessary for admission to practice
 law in all courts of justice." The sec-
 tion which the resolution amends is
 as follows: "Every person of good
 moral character shall be entitled to ad-
 mission to practice law in all courts
 of justice." According to the provi-
 sions of the state constitution relative
 to amendments to be made to the con-
 stitution, this joint resolution will
 have to be passed by the next general
 assembly before it is to be submitted
 to the voters of the state. If the next
 assembly passes the resolution, the
 question will be submitted to the elec-
 tors at the next general election here-
 after, which will take place in the fall
 of 1908. This question was presented
 to the electors of the state in the elec-
 tion of 1900, but failed to pass because
 so many persons failed to vote either
 way that the number of votes cast in
 favor of the amendment was not a ma-
 jority of the votes cast for the head of
 the ticket at that election. It is un-
 derstood that the amendment failed
 not because of opposition, but because
 of the difficulty of getting voters to
 consider anything but choice of can-
 didates at an election.

Baku, March 8.—Since martial law
 was declared here order has been re-
 stored, but ordinary life and business
 remain at a standstill. The streets
 are patrolled by troops.

Governor Hanly has signed so far
 159 bills, eighty-six of which are senate
 and seventy-three of which are
 house bills. He has vetoed twenty-one
 bills, eight of which originated in the
 senate and thirteen in the house. He
 has therefore acted upon 180 bills all
 told, ninety-four of which are senate
 and eighty-six house bills. Nineteen
 bills are still in his possession to be
 acted upon within five days following
 the adjournment of the legislature.
 Thirteen of these are senate bills and
 six house bills. These nineteen bills
 will either be signed, vetoed or de-
 posited with the secretary of state
 without either signature or veto, in
 which event they will become laws as
 if they had been signed. This will
 make a total of 199 bills acted on, 107
 of which are senate and ninety-two
 house bills. In the house a total of
 462 bills were introduced; in the sen-
 ate a total of 361 bills.

A. M. PALMER DEAD

Veteran Theatrical Manager Succumbs
 to Apoplexy.

New York, March 8.—A. M. Palmer,
 the theatrical manager who was stricken
 Monday with apoplexy, died last

evening in a hospital. Mr. Palmer
 was for years the most prominent
 theatrical manager in America. He
 was sixty-seven years old.

Confessed Horrid Deed.

Danville, Ark., March 8.—James
 Ince, confessing that he is a quadruple
 murderer, was brought back to jail
 here after a visit to the scene of the
 crime near Whiteley, fifteen miles
 southwest of here, where, confronted
 with the dead bodies of his wife and
 three children, the latter ranging in
 age from four months to four years
 he broke down and confessed his guilt,
 saying that it seemed impossible to
 make a living for his family, hence his
 act.

A HUMANE MEASURE

At Last Epileptics Are to Be Given a
 Chance.

Indianapolis, March 8.—Governor
 Hanly's signature to the bill for the
 establishment of an epileptic village
 makes certain the establishment of
 such an institution. The bill carries
 with it an appropriation of \$150,000.

As the bill has an emergency clause,
 it will be necessary for the governor
 within ninety days to appoint a bi-
 partisan board of three commissioners
 to decide upon a location and buy the
 land necessary, not less than 1,000
 acres. The work of the original com-
 mission ends with the purchase of the
 land. After that a bi-partisan board of
 three trustees for the control of the
 institution is to be chosen, one of
 whom is to serve one, the second two
 and the third three years, at the ex-
 piration of whose terms new members
 will be appointed for three years, thus
 making a continuous board of trust-
 ees.

The order of admission to the vil-
 lage is as follows: First, from the
 poor asylums, jails, orphan homes or
 other county institutions; then from
 dependent or other indigent classes,
 elsewhere in the state, outside of in-
 stitution; and third, from state hospi-
 tals or institutions upon the recom-
 mendations of the superintendents of
 such institutions; provided that no
 hopelessly or violently insane person
 shall be transferred to the Indiana
 village for epileptics. Hopeful cases
 shall in all instances have the prefer-
 ence in all admissions.

Hiccoughing to Death.

Mishawaka, Ind., March 8.—Assis-
 tant City Attorney C. N. Crabb is
 lying at point of death here, the result
 of hiccoughs, which seized him last
 Saturday morning. Three physicians
 have been able to check the peculiar
 spasms only for a few minutes at a
 time. The young lawyer was but re-
 cently married to a young heiress.

Wabash, Ind., March 8.—Charles
 Sprong, who shot and killed Wilson
 Addington at Marion, and who took a
 change of venue to this county, will be
 tried April 17. Judge Plummer will
 preside.

Indiana Man Promoted.

Washington, March 8.—Frederick
 E. Rittman, of Cleveland, O., auditor
 of the war department, has tendered
 his resignation to the president to
 take effect May 1. B. F. Harper, of
 Ft. Wayne, Ind., will be appointed to
 fill the vacancy.

Workman's Terrible Mishap.

Kokomo, Ind., March 8.—Lon Dugan,
 employed in the plant of the Kokomo
 paper mill, fell into a vat filled with
 boiling water, and, although quickly
 dragged out by fellow workmen, he
 was so badly scalded that recovery
 is scarcely possible.

UNDIMINISHED VIGOR

Marks the Progress of the Battle Near
 Mukden.

Mukden, March 8.—The sixth day of
 the battle on the Russian right flank
 raged with undiminished vigor from
 dawn till dark. The Japanese made
 good their position at Tacha, and push-
 ed the contest north to Sinmintin,
 four miles from the main battle line,
 though apparently no nearer. As was
 the case in the battle of Liao Yang
 the semi-circular positions where the
 battle is progressing now are so near
 that the whole of them are accessible
 from Mukden in a day's tour.

The losses already exceed those
 in the battle of Liao Yang on the Rus-
 sian side, and the Japanese are sup-
 posed to have suffered much more,
 though this does not seem to shake
 the Japanese tenacity, for they attack-
 ed Yen Hsiun advancing their in-
 fantry and provoking a counter-attack,
 which was first reported to have re-
 sulted in Russian infantry occupying
 Yen Hsiun about 2 o'clock in the
 afternoon, when the artillery battle
 increased furiously, shells setting fire
 to many buildings, and the smoke from
 which joining a dust storm, shrouded
 the vast plain in clouds in which the
 battle roared and the sun sank.

The appearance of this region,
 which has now been two days under
 fire, begins to resemble a siege.
 Graves are increasing in number,
 while dead animals strew the ground.
 The troops have been seven days with-
 out rest and their powers of resist-
 ance are declining. They plainly
 show the strain of the terrible week.
 The ground is deeply frozen.

The Japanese continue to flank the
 Russian position. One Japanese divi-
 sion is known to have extended to
 Beling. The center remains Russian,
 but on the southwest the Russians
 are falling back on their second pos-
 ition. The army on the right wing is
 now thrown back on the Russian set-
 tlement, converting the settlement in-
 to a great metropolis. At night long
 trains of lighted cars are to be seen
 extending in all directions on im-
 proved railways to camps where
 three days ago there was nothing but
 bare fields. In magnitude the present
 battle promises to about equal the
 battle of the Shakh river.

The Engineer's Excuse.

Pittsburg, March 8.—The result of
 the investigation of the Clifton, Pa.,
 wreck last Friday, in which seven
 members of the Ohio Engineers bat-
 talion were killed and thirty-two were
 injured, while going to the inaugura-
 tion from Cleveland, has been made
 known in an official statement, by the
 Pennsylvania company. The failure
 of the engineer of section 3 to observe
 the rules, the company alleges was
 responsible for the collision with the
 second section. According to the
 statement, the engineer, who has been
 dismissed from the service, testified
 that because of drifting smoke from
 a passing train he failed to see the
 signal west of Clifton, and notwith-
 standing this he made no effort to
 stop until it was too late.

He Predicts Disturbances.

Toledo, March 8.—Rev. J. F. Hillig,
 professor of astronomy at St. Johns
 college, this city, has discovered a
 large sun spot or what is really a group
 of spots in the upper left quadrant of
 the sun. The spot is visible with the
 naked eye. Professor Hillig predicts
 some magnetic or atmospheric distur-
 bance in the near future as a result.

Situation at Warsaw.

Warsaw, March 8.—The strike in
 Sosnovice continues in full force.
 This city is comparatively quiet, there
 being only occasional cases of assaults
 in which individuals or policemen
 have been shot. Several persons
 have been severely wounded in out-
 lying sections of the city.

Police Looking Into It.

New York, March 8.—Rosie De Pie-
 tro, the young Italian matron recently
 acquitted of murder when placed on
 trial for killing an Italian who had
 made improper advances toward her,
 is dead in Long Island City and the
 police are making an investigation of
 the case.

An Important Ruling.

Washington, March 8.—The court of
 appeals has decided that a Porto Rican
 in this country, possesses the neces-
 sary qualifications as to citizenship
 under the civil service regulations as
 to citizenship to make him eligible
 for employment in the government
 service.

TERSE TELEGRAMS

General Boissard, Canal, former
 president of Hayti, is dead.

A. M. Palmer, the veteran theatrical
 manager, is dead at New York.

The officers and cavalymen of the
 American army are to have sharpened
 swords hereafter if they want them.

Interborough traffic at New York is
 almost completely tied up by a strike
 on the subway and elevated lines.

The Samoans of the western district
 of Tutuila have established a boys'
 school for the teaching of English.

While boat-riding on Lake Monroe
 at Sanford, Fla., Miss Maggie Looney,
 Otto McElroy and Reese Boyd were
 drowned.

The plant of the American Cereal
 company at Cedar Rapids, Ia., the largest
 oatmeal mill in the world, was
 destroyed by fire Tuesday night.

M. Witte, president of the committee
 on ministers, has tendered his resigna-
 tion to the czar on the plea that the
 latter has evinced a lack of confidence
 in him.

THE CRUCIAL DAY

It Is Expected That Today Will Deter-
 mine the Battle.

Tokio, March 8.—Reports are cur-
 rent here that the Russians are in re-
 treat and preparing to destroy the
 railway north of Mukden. General
 Kuropatkin is said to have gone to
 Fushun after holding a council of war
 of one hundred officers. His left rear
 guard, consisting of 20,000 picked
 troops, is retiring. Chinese report that
 Mukden has been completely evacuated
 and that its great magazines were
 set on fire by Japanese artillery.

St. Petersburg, March 8.—That the
 battle of Mukden will go down in his-
 tory with Liao Yang in the long list
 of Russian defeats is the almost uni-
 versal belief in pessimistic St. Peters-
 burg, which has forgotten the mean-
 ing of the word victory. The war
 office does not admit that the issues
 of the great battle, which already ex-
 ceeds in magnitude of operations and
 losses that of Shakh has been de-
 cided, although it is positively stated
 in high quarters that Kuropatkin has
 telegraphed to Emperor Nicholas that
 it will be impossible to hold Mukden,
 and that the withdrawal of the army
 northward has already begun.

News from General Kuropatkin
 later than Monday has been given out,
 but press dispatches indicate that the
 position of the Russian army is des-
 perate, but not absolutely hopeless,
 some Russian correspondents even pre-
 dicting a Russian victory soon, and
 one affirming that the extreme Japa-
 nese left has already begun to retire
 southward. Everything probably now
 depends on General Kuropatkin's re-
 serve.

While the Japanese hurled them-
 selves forward at every point yester-
 day, their main energies were behind
 the blow west and southwest in an
 attempt to envelope the Russian right
 and drive a wedge through the line at
 Madzayapu, but Kuropatkin seems to
 have been able to successfully change
 front on the line of his shattered right,
 aligning from northwest to southeast
 to protect the railroad to Mukden;
 and at nightfall it was reported he
 was practically holding all his posi-
 tions. At the same time he was draw-
 ing in and shortening his line to the
 southeast. If Kuropatkin has a plan
 for striking a real blow upon which,
 in the opinion of experts, his salvation
 depends, there is no indication as yet
 of such a purpose. The commander-
 in-chief has been confining his strat-
 egy, as at Liao Yang, to meeting the
 attacks of the Japanese and accepting
 battle at places chosen by Field Mar-
 shal Oyama.

General Kuropatkin's critics among
 military men are increasing in num-
 ber, the burden of complaint being
 that in every action he has shown a
 lack of initiative. With defeat now,
 whether disastrous or otherwise, they
 declare his star will set. On the other
 hand it is believed that Field Marshal
 Oyama's daring strategy, if successful
 in this battle, will entitle him to rank
 as one of the greatest captains of the
 age.

Politically the result may determine
 the question of continued prosecution
 of the war. An overwhelming disas-
 ter, it is believed, will surely bring
 Russia to terms; but anything less
 might not break the stubborn resolu-
 tion of the Russian government. In
 its bearing on the interior situation
 the result of the battle is regarded as
 equally important.

Have You Got the Key?

With every dollar purchase of cloth-
 ing or gents' furnishing at Mulno &
 Guffin, a key will be given, and the
 one getting the right key to unlock a
 box of money will get the money.
 The box is now on exhibition. Get
 busy and get some of the keys.

THE DISCOVERER OF

SEVEN BARKS

Was, thirty-five years ago, one of Germany's
 foremost physicians, besides he was a cele-
 brated botanist and chemist. His discoveries
 were many and invariably successful. Per-
 haps his most important discovery was that
 of the great and popular preparation called
 Seven Barks—extracted from the bark of a
 specially grown Hydrangea plant. This bark
 grows in seven layers, each division possessing
 wonderful individual curative values. One
 acts as a gentle cathartic, another as an al-
 terative, the third as a diuretic, the fourth as
 an expectorant—while the other three layers
 produce wonderful, upbuilding tonic elements.

Most All Disease

Emanates from the drainage system (the stom-
 ach, bowels, liver and kidneys). When one of
 these organs becomes clogged or congested the
 others naturally suffer in sympathy, and
 it requires a thorough cleansing and the res-
 toration of all of them before each can again
 fully perform its natural function.

Seven Barks

Contain nature-giving principles that will ef-
 fect immediate relief and, in good time, a
 permanent cure of all such disorders. One 50-
 cent bottle will demonstrate its phenomenal
 value.

Talk with your druggist about it. He will
 back up all we claim. If you are ill and can-
 not spare 50-cents for a bottle, write a postal
 and we will send you a bottle free.

LYMAN BROWN, Pharmacist, N. Y. City.

NEW YORK FASHIONS

Pattern For Lady's Sleeves by
Martha Dean

The evolution of the sleeve this season in conformity with the gradual lifting of the bodice line is a most interesting subject and one worth considering as well, since on the proper make of the sleeve depends in a great measure the style of the dress. The changes in sleeves have been no less marked than those of the waist and skirt, and the great width that formerly drooped over the cuff has now ascended to the shoulder in both blouse and shirt waist styles. The fullness at the shoulder, which we dub the "log of mutton" style, is but the natural attendant of the full skirt, for it serves to keep bodice and skirt in better proportion. The sleeve is such a decorative feature of the gown that it is often a simple scheme to renew the period of youth by adding new sleeves to the gown. It is for just this purpose we are showing the two styles today. One is the newest shirt waist style, made in one piece and with cuff and facing. The other is in one piece also, but suitable for a "dressed" waist. It is shaped by a seam to the elbow in the back, and the upper edge is plaited and sewed to an extended point, which, by the way, does wonders in lengthening an old style shoulder seam. By the use of these patterns not only may an old gown be made new, but the new gown will be given a smarter look by such an addition. Pattern No. 6243. Sleeves are in sizes corresponding to 32 to 42 inches bust measure.

DIRECTIONS FOR ORDERING

Send 10 cents to this office, give number of this pattern, No. 6243, and state size desired. It will then be sent to you by mail postpaid. Be sure to write plainly and always give full address. Several days must be allowed for delivery of pattern.

Sunday School Department

E. E. HUNGERFORD, Editor.

The March Awakener is full of good things for the Sunday school worker: A helpful article, "Suggestions Calculated to assist County Officers," a long list of excellent subjects for convention programs, and a suggestive program for a county convention is good. Then a new feature is the page for township presidents. This ought to be read by every township officer. Several other good things that we cannot mention now. It will pay every Sunday school officer and worker to read this number.

THE OFFICIAL VOLUME.

"Glimpses of Bible Land" is the title of the book which is issued by the central committee who had in charge the "Cruise to Jerusalem" and the World's Fourth Sunday school Convention. The book will contain 200 full page illustrations with many smaller pictures, four full page colored plates showing Palestine flowers and also a 24-inch panorama picture of Jerusalem. Information that is usually spread over many pages is told in a few chosen words under each picture. The gems of thought, the golden words and the rare incidents are given in the printed pages.

An evening with this book in your home alone or with a group of friends,

for pleasure, information and inspiration is next to making the entire trip with the 800 delegates. This book can be secured of W. N. Hartshorn, 120 Boylston street, Boston. (The above is taken from the Evangel).

The attendance at St. Paul's M. E. school was 211 last Sunday. This is the largest for many weeks. The offering was \$4.95. All the teachers were present except two, Miss Gregg and Mrs. Kennedy.

The orchestra of twelve pieces will render "The Spanish Cavalier" next Sunday. This will be very fine.

Rev. W. W. Sniff taught some classes in the high school two days last week, one of the teachers being absent on account of sickness. Prof. Scholl taught part of the classes, and Rev. Sniff volunteered to help him. His services were highly appreciated by Prof. Scholl and the classes.

Rev. R. B. Givens will preach at Big Flatrock next Sunday morning at 10:30 a. m. and at night at 7 p. m. This is his regular monthly meeting. Wouldn't it be a good thing to organize the Sunday school?

Miss Luedith Ward, secretary of the school at Gowdy attended the spring opening of the dry goods stores at Indianapolis.

MARKET REPORT

Indianapolis Grain and Livestock.
Wheat—Wagon, new, \$1.16; No. 2 red, firm, \$1.17. Corn—Steady; No. 2 mixed, 47½c. Oats—Firm; No. 2 mixed, 32½c. Hay—Clover, \$9@10; timothy, \$10.00@11.50; millet, \$7@8. Cattle—Steady at \$3.00@5.75. Hogs—Quiet at \$4.50@5.25. Sheep—Steady at \$2.00@5.00. Lambs—Steady at \$5@7.75.

Practical Recipes

For the
Housewife

SUET PUDDING.

One cup of suet chopped fine, 1 cup of Orleans molasses, 1 cup of bread crumbs, 1 cup of sweet milk, ¾ cups flour, 1 teaspoon of cinnamon, 1 teaspoonful soda, stirred in the milk, 1 cup of dried currants. Mix chopped suet with the flour; then add currants, mixing well, add molasses or milk last and steam 2½ hours. Sauce—One cup of sugar, ½ cup of butter, juice of 1 lemon, ½ teaspoon of flour, 1 pint of boiling water.

Mrs. J. W. W.

DRESSING FOR COLD SLAW.

One cupful of vinegar, one egg, two teaspoonfuls of sugar and one of salt and one-quarter teaspoonful of pepper. Let the vinegar boil, beat the other ingredients together, add and boil five minutes; bottle for use.

TO PREPARE AN EGG FOR AN INVALID.

Beat the yolk and white separately until extremely light, add a pinch of salt, pour into a china cup, which set in a saucepan of hot water, stirring constantly till scalded, but not cooked. When this is done slowly the egg just thickens slightly, but puffs up until the cup is almost filled with creamy custard. Set in the oven a moment and serve at once.

CRANBERRY PUDDING.

Sift three cupfuls of flour with a half teaspoonful of salt and stir in a cupful of molasses, a small cupful of sour cream, two beaten eggs and a half a teaspoonful of soda dissolved in a little boiling water. Last of all, beat in a cupful and a half of halved cranberries, thoroughly dredged with flour. Turn into a greased mold and steam at least two hours. Eat with a hard sauce.

Fear not, but trust in Providence wherever thou may'st be.—Bayly.

BREAKFAST.
Bananas.
Cereal with Nuts.
Fried Smelts.
Lyonnaise Potatoes. Rolls.
Coffee.

DINNER.
Alphabet Soup.
Game Vol au Vent.
Parsnips. String Beans.
Potatoes au Gratin.
Cabinet Pudding.
Coffee.

SUPPER.
Lobster Salad.
Potato Straws. Toast.
Cranberry Tarts.
Tea.

GAME VOL AU VENT.—Have cold pieces of game to the desired extent, add to them half their quantity of cold cooked tongue and cook till warm in a very little water, adding also a few halved mushrooms and some truffles cut in bits; add, when this mixture is hot, a little rich cream and thicken with browned flour; when it is quite thick remove to back of range; prepare the vol au vent case as usual and fill with the mixture.

A Box of Money.

Will be given away by Mulno & Guffin. With every dollar purchase a key will be given—the right key is mixed with the lot, and the successful holder of the right key will get the money. When in need of clothing or gents' furnishings, go to Mulno & Guffin and run your chance of getting the box of money. d&w-1w

GOTHAM AROUSED

New Yorkers Do Not Take
Kindly to Walking
Through Slush.

RAPID TRANSIT STRIKE

Annoyance and Vexation Added to by
the Danger Attending Attempts
to Ride.

One Collision Occurred in the Sub-
way Endangering Many
Lives.

New York, March 8.—With one collision in which twenty-nine persons were injured and none killed, New York passed through the first day of the general strike on its rapid transit system. Beyond this accident and some minor casualties due to the abnormal conditions, the sum total of the day was annoyance and vexation to a million or more people usually dependent upon the Interborough's lines for transportation to and from their business. So far there has been little disorder. Sporadic encounters between individuals, some bad language and the action of a few hoodlums in throwing missiles at passing elevated trains tell this phase of the strike.

The annoyance to the multitude was increased by a wet snow which began falling late yesterday afternoon. Service on the elevated roads and subway, while not tied up, was crippled, and badly crippled at that. Trains were run on irregular schedules in the underground beginning with the early morning, but the elevated lines did not fare so well. On the east side practically no attempt was made to institute a service, while the Sixth and Ninth Avenue lines, which serve the west side, were run in a fashion wholly inadequate.

In fact, the elevated system of the Interborough lines was pretty well paralyzed. The company seemed to concentrate on an effort to maintain service in the subway, and in this it was partly successful. Strike Breaker Farley and his crew of 700 or 800 men were thrown into the tunnel; officials of the company gave this system their personal attention and an enormous number of policemen were detailed to the trains and stations. The attempt to run express trains was abandoned early in the day. Every available man was put on the locals and a fairly good schedule was maintained during the evening rush hours until the accident at Twenty-third street took place. This upset things, but after strenuous efforts they were straightened out and a service was resumed on a headway of from five to seven minutes.

The accident at Twenty-third street was in the nature of a rear-end collision, due, it is said, to the inexperience of the men on the trains. Two cars had smashed in, there was a panic among scores of passengers, and of the injured fifteen were so severely hurt that they had to be sent to the hospitals. Traffic was delayed for over two hours from 5 o'clock until after 7.

General Manager Hedley says the company is prepared to maintain and improve the service on all its lines. Mayor McClellan's letter offering to arbitrate, Mr. Hedley said, will be replied to by the executive committee of the Interborough company today.

The executive committee of the Amalgamated association considered Mayor McClellan's letter, but the officers would not say what action had been taken. Vice President May said the committee probably will ask the Federated Union to have the eccentric and electrical engineers and firemen go out, but declined to state when the request would be made. The committee also drafted a letter to Commissioner McAdoo, asking that the policemen be instructed not to aid the company.

Mrs. Stanford Was Poisoned.
Honolulu, March 8.—High Sheriff Henry says that chemists in a test of the contents of Mrs. Stanford's stomach had found a color which indicated strychnine poisoning and that they would so testify at the inquest. He added that the chemists had found strychnine in the bicarbonate of soda of which Mrs. Stanford partook on the night of her death and that they would so declare to the coroner's jury.

Behind Closed Doors.
Washington, March 8.—Without determining any question of policy in regard to the Santo Domingo treaty, the senate decided that the treaty should be reported as soon as possible from the committee on foreign relations and the entire question fought out in executive session.

One-way Settlers Fares to South and Southeast.

One-way excursion tickets to points in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia, account Settlers' Excursions, will be sold from all ticket stations on the Pennsylvania Lines, during December, January, February, March and April. For full particulars consult Local Ticket Agents of those lines.

Winter Tourist Rates via Big Four

Continuing until April 30, 1905, tickets will be on sale daily from all points on the "Big Four Route," good for return passage until June 1st, 1905, to Cuba, Florida, Gulf Coast points and all inland Southern winter resorts, also Texas and California. Take advantage of the low rates and long return limit.

For full information and particulars as to rates, tickets limits, etc., call on agents "Big Four Route."

Mardi Gras Excursions Via Pennsylvania Lines.

Excursion tickets to New Orleans, La., Mobile, Ala., and Pensacola, Fla., via Pennsylvania Lines, will be sold March 1st to 6th, inclusive. Apply to ticket agents of Pennsylvania Lines for information about fares, time of trains, and checking baggage through to destination.

CHEAPER HOMES

And a pleasant place to live in the South-west.

LOW RATES FOR HOMESEKERS.

Any man with a few hundred dollars can own a home in Arkansas, Louisiana or Texas. Cut over timber land can be bought for \$3 to \$8 per acre; improved farms at \$12 to \$25; raw prairie at \$10 to \$20. Our local immigration agents will help you find a location.

You can raise most anything—corn, wheat, oats, cotton, timothy, clover, alfalfa and fruits and vegetables of all kinds. We have a booklet with illustrations telling about this; write for it.

An ideal stock country, range 10 to 12 months of the year. In East Texas, fruit and truck growing has become a big industry—making lots of money. Unimproved lands are selling at \$3 to \$10; when planted to orchard they yield \$200 to \$300 an acre. Write for copy of our fruit booklet.

First and third Tuesdays of each month we sell Homeseekers' tickets at one fare, plus \$2 round trip. On March 7 and 21, special low rates from St. Louis—less than one fare for the round trip and not exceeding \$15 to points in Texas. Write for map, time table and rates to any point.

LOCAL BREVITIES

Miss Georgia Wyatt is improving.

John Schenkel is but little better today.

Ed. Carter is recovering from a short illness.

W. A. Smith is again confined to his home from injuries received in a fall.

Perry McClure underwent a severe operation at Sexton's sanitarium this morning.

Mrs. Henry Davis is in a critical condition at her home, near Clarksburg.

Squire W. S. Hall is 91 years old today. He is thought to be a little better.

Born to Mr. and Mrs. John Stark, west of town, Tuesday morning, a fine ten pound boy.

Mrs. R. L. Bebout, who has been very ill at her home on Maple street, is in proving nicely.

Daniel, the little son of Mr. and Mrs. Thomas Hughes is seriously sick at their home on Willow street.

Raymond, the little son of Mr. and Mrs. Frank Vreedenburg, of Jackson street, was very sick last night with croup.

Otto O. Owen, of Orange township, has purchased of Frank Walton, of the St. Omer neighborhood, the old Allison farm in Orange township.

James Felts, who has been ill with pneumonia for the past three or four weeks at Charlevoix, Mich., is better, but not yet able to sit up.

A new rural route has been established with Laurel as the distributing office. The route is southwestward and touches Buena Vista, seven miles distant.

Mrs. H. G. Linn is recovering nicely from her recent burns. One ear is still badly scared and swollen and her hair was badly singed, but she is otherwise alright.

Dr. E. I. Wooden of this city, was at Fayetteville yesterday in consultation with Dr. Sipe in regard to the case of Mrs. N. G. Brown, who is suffering from peritonitis.

Contractor Charles Robertson has contracted with Earl Riley to raise his house on East Fourth street. The house will be remodeled to a certain extent and improved.

W. W. Wilcoxen, age sixty-five years, and Emma Beck, of Gwynneville, were united in marriage Monday night at the home of the bride in that place, the Rev. Mrs. Wright officiating.

A TONIC COUGH CURE.

A Cough Cure that not only has an excellent remedial effect on the cough itself but contains tonic properties that brace the system against the "pulling down" effect of a cough or cold.

Dr. Behers' Expectorant

Is such a tonic cough medicine. It is in this quality that it is so much better and more quickly effective than ordinary cough remedies. It is pleasant to take and won't upset the stomach. It has much to recommend it. The large number of people who swear by it is proof of its merit.

Price, 25c. and 50c.

F. B. JOHNSON & CO.,
 Drugs and Wall Paper.

Miss Florence Frazee is recovering from a short illness with chickenpox.

Sam. Webb was jailed last night by the police who found him in an intoxicated state.

The school at Center is closed on account of the sickness of L. A. Hufferd and son Donald and the death of Mrs. Thomas, whose daughter, Miss Wright, is a teacher there.

—Mrs. Alta Wyatt Long, who has been visiting her parents, Mr. and Mrs. George C. Wyatt, has gone to Kokomo for a visit with relatives. She will return here before leaving for her home in Indian Territory.

DEATHS

Mrs. Nancy Sisson, of Center township, wife of M. L. Sisson, ex-county commissioner from the Northern district, died at 1:30 this morning at St. Vincent's hospital at Indianapolis, following an operation for gall stones.

She leaves a husband and three sons, Errett, of Chicago; Dr. Ernest, of Maxwell, Hancock county, and Fred, of Center township. She was not only well known, but she was respected by all her acquaintances, who extend to the family their heartfelt sympathy. The funeral arrangements have not been learned but the services will probably be held Friday at the residence.

The Lecture Course.

The next number of the course will be a lecture by George R. Wendling at the Methodist church Friday night. Mr. Wendling is a favorite of Rushville, having lectured here on previous occasions, and was always heartily appreciated. He is one of the accomplished orators of America, and it is a real pleasure and a rare treat to listen to his matchless eloquence. Do not fail to come out and hear him, as this is one of the best numbers in the course. For the benefit of those along the I. & C. traction line that wish to attend this high class intellectual entertainment, the company will stop its car coming in at 7 o'clock at the Methodist church, and returning the car will again stop at the church at 10 o'clock.

ALL THE BIDS ARE REJECTED

The City Council Did Not Let the Fuel Contract Last Night.

After considering the question of letting the fuel contract for the Water and Light Plant for one year, the city council last night rejected all bids, and the matter of letting the contract was left in the hands of a committee, consisting of Messrs. Smith, Brann and Caldwell.

Will M. Frazee, of the Central Fuel Company, agreed, on a six months contract, to furnish the plant with gas at a price 25 per cent. lower than the cost of coal, and agreed to furnish the coal with which to make a day's test, in order to find out just how much coal could be burned in a day and what it would cost. It is thought that his proposition will be accepted.

RUNAWAY HORSE TEARS UP A FENCE

C. G. Clark's Delivery Horse Creates a Stir on North Perkins St.

The horse hauling the delivery wagon for C. G. Clark's Rush County Flour Mills, and driven by Jesse Vance, started to run about 4:30 o'clock yesterday evening on Perkins street in front of the residence of Frank Mull.

The animal ran north on Perkins street to Ninth, where it ran onto the sidewalk in front of the residence of Charles Broadhead. At that point the horse turned and ran up the sidewalk on the west side of Perkins street, tearing up a picket fence with the wagon and banging it against the trees. At the corner of Perkins and Tenth the outfit crashed into a tree, and the horse pulled the front front wheels from under the wagon. The horse continued its mad run at full speed, going west on Tenth to Main and down Main, where it was finally caught. As far as can be learned but little damage resulted to the horse, wagon or harness.

TO EXCHANGE REAL ESTATE

The City Council Orders the Deal Closed With The P. C. C. & St. L.

Some time ago it was suggested that the city trade to the Pennsylvania railroad company the property immediately east of the water and light plant for the three cornered plot of ground on which the cooper shop on West Second street is located, and the city council appointed a committee to confer with the railroad officers in regard to the matter.

At the meeting of the city council last night, D. B. Johnson, of Louisville, Ky., Engineer of Maintenance Way, for the company, was present and stated that the company would be willing to make the change, providing that it be allowed the 20 feet of right of way on the ground east of the plant from the center of the track. He stated that his company could only make a quit claim deed to the ground and would accept one of the same kind from the city. The matter was left in the hands of Mayor Hall and the Councilmen, who were empowered to execute a deed and accept one from the railway company.

Mr. Johnson drew the proposition in writing and was accepted by the Council. The matter of having the cooper shop and abandoned gas well on the city property vacated, was taken up and the Pennsylvania Company stated that they would order them removed or demand a lease from their owners.

SOCIETY NEWS

The Frazee-Megee Bowling club meets tonight at the Pastime Alleys.

The M. S. D. club gave a dance at the Poundstone hall Monday night. Music was furnished by Prof. and Mrs. Skinner.

Dr. and Mrs. Frank Sparks delightfully entertained a number of their friends Monday and Tuesday evenings at their home on North Main street. About forty guests were present at each time. Refreshments were served.

The Tuesday Evening Bowling club met last night at the Pastime Alleys. Miss Mae Mote made 156, the highest score for the ladies and Ralph Kennedy made 161, the highest score for the gentlemen. Miss Mote now holds the ladies' record for the alleys.

The Knights of Columbus entertained last night with a card party at their club rooms over the postoffice. About fourteen couples were present and refreshments were served. The prizes were won by Mr. James Mullins and Miss Bridget Kelley.

The Tabard Inn Library.

The Tabard Inn is the very newest thing in the book and library world. It is a circulating library without dues or fines. A Tabard Inn book purchased at the publisher's price or less carries with it a continuous exchange privilege, and is the only identification required in order to use the Library service. These books are sold regularly at \$1.50 each and become the property of the purchaser. The exchange fee is five cents.

Give us your name and help start this library. It is something Rushville needs.

THE KENDALL CASE IS NOW ON TRIAL

Suit to Set Aside a Deed Occupies the Attention of the Circuit Court.

The case of Alfred Kendall vs. his son Marcus A. Kendall, which is for the purpose of setting aside a deed to 144½ acres of land in Noble township occupied the attention of the circuit court today.

The case is attracting considerable attention and many people from Noble township are attending the trial.

The case was taken up this morning and continued throughout the day. It is expected to last until tomorrow evening. Several witnesses were examined today. Watson, Tittsworth & Green are the attorneys for the plaintiff, and Smith, Cambern & Smith, and Megee & Kiplinger represent the defendant.

You May Get the Key.

Mulno & Guffin have a box of money, the amount is unknown to any except Messrs. Mulno & Guffin, which they will give away, about the middle of May to the customer holding the key which will unlock the box. Besides the money is a box containing 1000 keys. One of these will be given away with each purchase of one dollar. A committee, consisting of Lon Link, Phillip Olinger and Theodore Betker, locked the box and placed the proper key in the box of keys which were then mixed and scattered.

FOR SALE—A good family mare, any lady can drive, also suitable for general use. Apply to T. A. Berry, 355 E. 10th st. Mar. 8-4td.

Help Beautify

Your LAWNS in our city and county.

(To be Continued.)

Who Will Have the Key?

Mulno & Guffin have a box of money, the amount being known only to them. The box of money will be given away in May to the customer holding the right key. 1000 keys will be given away—one key with every dollar purchase. d&w-1w
